

EWRG & APWA Present the Sustainable Stormwater Symposium - September 16th & 17th, 2025

What is inspiring you at work? We want to hear about it at the Sustainable Stormwater Symposium!

Abstracts Due May 31st, 2025

Oral and poster presentation abstracts are now being accepted for the 2025 Sustainable Stormwater Symposium hosted jointly by the Oregon Chapter of APWA and Oregon Section of ASCE-EWRG. The Symposium will be held September 16th and 17th 2025 at OMSI, located at 1945 SE Water Ave in Portland, Oregon.

The Symposium will feature a plenary format of technical sessions. A technical poster session will be held during happy hour on the first day of the Symposium. The afternoon of the second day of the Symposium will feature a guided bike tour of stormwater projects, with site specific-speakers, followed by happy hour at a local pub.

Abstracts are due by 5 pm PST on May 31st, 2025. Abstracts should be no longer than 500 words. You are welcome to submit more than one abstract. For additional information on the Symposium, invited speaker announcements or general questions please visit the Symposium website at <http://www.stormwatersymposium.org> or contact the program coordination team at program@stormwatersymposium.org. Keep an eye out for open registration in June and we look forward to seeing you in September!
